

OMSOC 2011 • Niagara on the Lake • October 1, 2011

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada. A maximum of 6.0 Section 1 credits are available.

The 2011 OMSOC Conference is an opportunity to interact and network with other specialists from across Canada. The primary learning objectives for this year's conference are i) to update you on recent developments in occupational cancer to allow you to assess risk more effectively ii) to provide an evidence-based approach to disability management for selected conditions and iii) to provide you with tools to run your practice more effectively. We will also have a working session to produce an OMSOC position statement regarding the issue of asbestos.
